

Instructions to prepare and submit your Electronic Poster (E-POSTER)

General poster regulations

E-Posters will be displayed on 55 inch screens which will be installed in a specially designed display area. Viewers will be able to select or scroll through and read any of the E-posters at any time during the Congress. Posters will be searchable by number, author, category and session time.

E-Posters must fulfil the following technical characteristics / requirements

- Posters should be designed using PowerPoint (.pptx version 2016 or earlier)
- Save your file as a PowerPoint file (pptx.) or a PDF file (.pdf) for submission
- Page layout portrait format 16:9
- The electronic poster can be up to 5 PowerPoint slides long and we recommend that you prepare at least 3 slides. All slides must be included in a single file, NOT in separate files please.

Display resolution

- 1080 (wide) x 1920 (height) pixel (full-hd)
- JPEG images must be produced in this or higher resolution (16:9, portrait)

Fonts for E-Posters

- Please use only standard fonts
- Arial is recommended
- Font size 32 is recommended.

Movies can be embedded in PowerPoint presentations. Please send the movie file with your poster named the same as your PowerPoint presentation.

Send your e-poster to the speaker service center at Congress Center Basel

Please send the e-poster files using [WeTransfer](#)

The free version will allow you to send files up to 2GB

Follow the instructions as follows:

- **click to add file**, insert your files
- **mail to:** technik.ccb@congress.ch
- **your e-mail:** enter your e-mail address
- **notice:** enter your message for us

IMPORTANT - Please note:

When naming your electronic poster file, please use the unique identifying code given in the e-mail from the Scientific Secretariat at Grupo Pacifico.

If you have any last-minute changes, you can bring your poster file to the speaker service center at any time during the congress.
